Offg: Secretary to The Government

Of His Highness The Maharaja of Mysore

Gen: and Rev: Departments, Bangalore.

Sir,

Adverting to para 3 of Government

Proceedings No. 336-S Local Boards 408-08-7 dated

14th July, 1910, forwarding for my opinion an

extract of para 2 of letter No. 266 dated 14th June

1910 from The President of The District Board of

Shimoga to your address, I have the honor to

state that owing to scarcity of fodder and

Rinderpest among cattle during the last two
years

Years, The breed of The Village Cattle has deteriorated considerably and in The interests of The ryots. I would recommend to order to supply six Amrut-mahal bulls at Concession rates for breeding purposes when recommended by The Presidents of The District Boards to a District. Save Shimoga District to which eight may be limited instead of Six as it is learnt that The ryots there are in great need of them at present.

2) On this connection, I beg to point out that The Amrut-mahal bulls supplied to, and maintained by, The local Fund Boards, do not thrive so well as those supplied to, and kept by the ryots as all The Deputy Commissioners to whom these have been given, want to return them in lieu of better ones on the ground of their being unfit for breeding purposes. Ryots purchase bulls in public sales, which are far inferior

inferior to those given to local Fund Boards, yet they are useful to them. I think the local Fund authorities do not take so much trouble as individual ryots do.

I have the honor to be,

Sir,

Your most obedient servant,

H. Henry Curzon

As good cattle are now fetching such high prices that breeders no longer require concession rates & ~~that~~ they can afford to pay full price for the bulls, the difference being comparatively small.

You ~~understand~~ that an addition to the no. of bulls allowed at concession rates is not necessary.

The attention of ~~the~~ the President is drawn to the observation of the Agricultural Supd. as to the want of care ~~on the part of~~ the St. Boards in looking after the bulls supplied to them.
